## Exploration

Will had thought of himself as gay. He had come to accept the fact he was gay. Which is why, when he accidentally saw El coming out of the shower, he got one of the most confusing boners in his life.

At first he decided it had been coincidence that he got hard at that moment. Noone quite knew how that kind of thing worked. But the image of El coming out of the shower wouldn't go away from his mind as he tried to help himself out, if anything, it only made him harder. In his state, he did not realize, however, just how much noise he made, which is why he didn't hear El and Mike coming into his room, checking what all the noise was about.

"Will, are you-" Mike began, but cut himself off when he saw Will with his hand around his member. El, however, had noticed Will seeing him, and figured out what was going on. "Need a hand?" she asked. "El, i think you forgot what gay means." Mike said, but to his surprise, Will nodded at El's offer.

She walked over to him, wrapping her hand around Will's cock and slowly jerking him off. Mike stepped in, shutting the door behind them and remembering to lock it. He stepped closer to the two. The fact that he was getting a boner was hard to hide just then.

Mike climbed onto Will's bed, all three of the as of recently 18 year olds naked now. El's head descended onto Will's cock, slowly embracing him as she began to touch herself. He knew what it felt like from the time Mike had given him head, but getting head from a girl felt quite different. The fact he never felt attracted to girls however didn't stop him from being so now. While Will's member was being worked on by El, however, Mike had begun preparing Will from the back, one finger penetrating Will's as of yet unexplored behind.

One finger turned to two, then to three, as El kept giving Will head, him moaning his heart out in the process, while Mike was also working his cock with his other hand. When Will handed Mike some lube from his drawer, the message was clear. Applying the lube to his

dick, Mike shifted into position to penetrate. As he did that, El also shifted, ready to be penetrated by her step-brother.

As Will found himself with his own member pressed up against El's wet pussy, and Mike's member against his prepared ass, he realized that he was not only about to lose what remained of his virginity, but also, that he would lose part of it in unexpected ways. Then, he thrust forwards into El, who moaned as Will slid in, shortly followed by both him and Mike moaning, as he took Mike in from behind. There he was, sandwiched between Mike and El, Mike fucking him, and him fucking El. The three were a quite noisy bunch, all told.

"I don't know how long i can take it." El said, her voice quivering from Will's cock with each thrust. She soon felt Will twitching inside of her, and she knew perfectly well what that meant from Mike. He was about to cum. And that was enough to make her. Her eyes rolled back, as she came and let out a loud moan, shortly followed by Will filling her up, before he himself got the same treatment from Mike.

As the three pulled apart, Will's bedsheet was a total mess, soaked in everyone's juices. Will felt Mike's seed dripping out of his ass, and El felt much the same about Will's. "I-i thought you were..." Mike said, still breathing heavily from what had just transpired. "So did i." Will nodded, "But i guess kissing a girl and having sex with one are different things."
